Bartlett City School's 1:1 Laptop Program

Bartlett City Schools is committed to providing innovative ways for students to learn and is working hard to improve the quality and access to technology tools and resources. Essential to this effort is not just a computer device but a partnership between the District Teaching & Learning Department and the school leadership team that includes a willingness of the teachers to rethink the way they teach.

Students will develop 21st century skills through the use of a laptop, be provided content-focused curriculum, and use collaborative technology tools. The lessons learned and the insights gained through this pilot effort will provide an effective and feasible blueprint for future implementations throughout the District.

The policies, procedures and information within this document apply to all student laptops used in Bartlett City Schools, including any other devices considered by the District office to come under this policy. **Teachers may set additional requirements for use in their classroom.**

1. RECEIVING YOUR LAPTOP & LAPTOP CHECK-IN

1.1 Receiving Your Laptop

Laptops will be distributed to students after a parent/guardian attends a **required** parent orientation session where rules and responsibilities will be discussed and an overview of how the laptops will be used for instruction by your child's teachers will be presented. In addition, parents and students must sign and return the following forms:

- Student Acceptable Use of Network and Electronic Media User Agreement – Parent/Guardian Permission Form
- Student Email Account Agreement Form
- Student Equipment Agreement Form
- Parent Permission and Acknowledgement Form

**Parents and students should review all forms and seek clarification for questions or sections not understood.*

1.2 Laptop Check-in

Laptops and accessories must be returned during the final week of school so they can be checked for serviceability and be stored for the summer.

If a student withdraws from Bartlett City Schools (BCS) during the school year, receives a long-term suspension, or is expelled, the laptop must be returned at the time of departure or date of termination. If a student fails to return the laptop in satisfactory condition within five (5) school days after withdrawing from BCS, a theft report will be filed with the Bartlett Police Department.

A member of the school administration (or his or her designee) will inspect the laptop for damage before releasing the student from further responsibility.

1.3 Technology Fee

Bartlett City Schools will charge an **annual**, non-refundable \$75 Technology Fee that will provide damage, loss, and theft protection for the laptop.

**Additional fees may be assessed. See section 8 for a complete list.*

2. TAKING CARE OF YOUR LAPTOP

Students are responsible for the general care and maintenance of the laptop they have been issued by the school. Laptops that are broken or fail to work properly must be immediately reported to BCS IT for an evaluation of the equipment. Such reports should be made to the **student's home room teacher**.

2.1 General Precautions

- The laptop is school property and all users will follow these procedures as well as the *BCS Acceptable Use Policy for Use of the Internet and Internet Safety #1021*: http://bit.ly/bcs_policy1021
- Cords and cables should be inserted and disconnected carefully to prevent damage to the laptop. Cords, cables, and earphones should always be kept with the device.
- Laptops must never be left out in the open, in an unlocked locker or any unsupervised area. Parents and students must certify they have a lock on their locker.
- Students should lock their Laptop in their locker before Wellness classes in the gym.
- Students are responsible for keeping their laptop's battery charged and ready for school each day.
- Only labels or stickers approved by the BCS Technology Department may be applied to the laptop.
- Students should not remove any of the labels or stickers attached by BCS.
- Laptops should be kept away from younger siblings/children.
- Laptops should be kept away from pets.

2.2 Carrying Laptops

Students will be required to have a padded backpack built for carrying a laptop. A protective sleeve for the laptop, that fits in the backpack will suffice. Students will also be allowed to purchase a clear plastic case, but the cases are not required. However, if a student chooses to add stickers to his or her laptop for personalization, a case must be purchased to put those stickers on. Stickers or other markings placed directly on the laptop will be considered damage and the parents will be liable for the repairs.

2.3 Screen Care

The laptops screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure.

- Do not lean on the top of the laptop when it is closed.
- Do not place anything near the laptop that could put pressure on the device.
- Do not place anything inside a closed laptop to avoid placing too much pressure and/or weight on the laptop screen. This includes books in your locker.
- Clean the screen with only a soft, dry cloth or anti-static cloth; **no cleansers of any type.**
- Do not "bump" the laptop against lockers, walls, car doors, floors, etc. as this could cause damage and eventually break the screen.

3. USING YOUR LAPTOP AT SCHOOL

Laptops are intended for use at school each day. In addition to teacher expectations for laptop use, students may access school information such as announcements, calendars, grades, and schedules on the school website or through various applications / software. Students must be responsible to bring their laptop to all classes, every day.

3.1 Laptops Left at Home

If students leave their laptop at home, they are responsible for getting the course work completed as if they had their laptop at school. Repeat violations may result in action as detailed in section 6.6, Student Conduct and Discipline.

3.2 Laptop Undergoing Repair

If a laptop repair/service will take longer than two (2) days, a loaner laptop may be issued, subject to availability.

3.3 Charging Your Laptop's Battery

Laptops must be brought to school each day in a fully charged condition. Students need to charge their laptops each evening. **Students should be careful about leaving a charging laptop hooked up at school as these are easily forgotten and often left behind. Laptops may **ONLY** be charged at school in the designated charging location.*

3.4 Background Photos

- Any media deemed inappropriate by BCS staff may not be used as a background photo.
- Unauthorized Pictures/images of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, gang related symbols or pictures are prohibited and will result in actions as detailed in section 6.6, Student Conduct and Discipline.

3.5 Sound, Music, Games, or Applications

- Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- Music is allowed on the laptop and can be used at the discretion of the teacher.
- Students are responsible for having earphones at all times (**provided by the parent**).
- Students are permitted to use a personal iTunes account to download applications, music, and games provided they do not violate the BCS Acceptable Use Policy. **A personal iTunes account retains ownership of the material downloaded through that account.*

3.6 Printing

Printing is discouraged in order to preserve resources. However, printing will be available through a request to the teacher. Students can work with teachers to print in instances where printing cannot be avoided.

Parents are responsible for providing items needed to print at home.

3.7 Off Campus Internet Access

While Internet access at home is helpful, it is not required. Students are allowed to connect to wireless networks on their laptops. This will assist them with laptop use while at home or at the library. The policies outlined in this document, *Bartlett City Schools Laptop Acceptable Use, Policy, Procedures, and Information Guide*, **are applicable to off campus use of a BCS provided device**. Any violation of the policy will result in the students off campus use privilege being suspended.

Students experiencing Internet issues at home should contact their Internet Service Provider (ISP) for support.

If a student does not have Internet access at home, information on affordable Internet plans is available through Comcast <http://www.internetessentials.com> or 1-855-846-8376.

4. MANAGING YOUR FILES & SAVING YOUR WORK

4.1 Saving to the Laptop Home Folder

Students should save work to the Apple iCloud associated with the BCS issued student iTunes account, the District provided Office365 One Drive, or a Dropbox or Google Drive account. Students may also e-mail documents to themselves for storage within their email inbox. Storage space will be available on the laptop – BUT it will NOT be backed up in the case of re-imaging. **It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion.** Laptop malfunctions are not an acceptable excuse for not submitting work.

4.2 Network Connectivity

The BCS School District makes every effort to ensure that the network is up and running 100% of the time. However, in the rare case that the network is down, the District will not be responsible for lost or missing data.

It is a violation of the Acceptable Use Policy to use applications that bypass BCS Proxies and filtering or to participate in hacking. Repeat violations may result in disciplinary action as detailed in section 6.6, Student Conduct and Discipline.

5. SOFTWARE ON LAPTOPS

5.1 Originally Installed Software

The software apps originally installed by BCS must remain on the laptop in usable condition and be easily accessible at all times. From time to time the school may add software applications for use in a particular course. The licenses for this software require that the software be deleted from laptops at the completion of the course. Periodic checks of laptops will be made to ensure that students have not removed required apps. Repeat violations may result in action as detailed in section 6.6, Student Conduct and Discipline.

5.2 Additional Software

Students are permitted to use a personal iTunes account to download apps, music, and games provided they do not violate the BCS Acceptable Use Policy. Personally downloaded content cannot exceed 10GB of storage space. In the event that space is needed on laptops for academic related apps, **student downloaded/purchased apps will be removed**, but their personal iTunes account retains ownership of the material downloaded through that account.

5.3 Inspection

Students will be selected at random to provide their laptop for inspection. If a student's device is requested for an inspection, passwords to unlock the laptop must be provided. BCS reserves the right to confiscate the laptop for any reason at any time if inappropriate materials are found on the laptop or if suspicious activity is suspected.

5.4 Procedure for Re-loading Software

If technical difficulties occur, the laptop may need to be restored from a District backup. **The school/District does not accept responsibility for the loss of any personal software or documents deleted due to a re-format and re-image.*

5.5 Software upgrades

Upgraded versions of licensed software/apps are available from time to time. Students may be required to check in their laptops or accept prompted operating system/app commands for periodic updates and syncing.

5.6 Apple ID and iTunes

Students will be issued a BCS school Apple ID/iTunes account that will be used to individually track and update their laptop. In addition, students may also use a personal iTunes account to download apps, music, and games provided they do not violate the BCS Acceptable Use Policy. **A personal*

iTunes account retains ownership of the material downloaded through that account.

5.7 Find My Mac

In addition to a variety of District security measures, "Find My Mac" will also be activated. If a device is lost or stolen, the student will work with BCS staff and the Bartlett Police Department to identify the location of the device for recovery. This includes providing access to all accounts to assist with identifying the location of the laptop.

6. ACCEPTABLE USE

The use of BCS District technology resources is a privilege, not a right. The privilege of using the technology resources provided by the BCS School District is not transferable or extendable by students to people or groups outside the district and terminates when a student is no longer enrolled in a BCS school. This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this document, privileges may be terminated, access to the school district technology resources may be denied, and the appropriate disciplinary action shall be applied. The BCS *Discipline Procedures Policy #6038* (http://bit.ly/bcs_policy6038) shall be applied to student infractions.

Violations may result in disciplinary action up to and including suspension/expulsion for students. When applicable, law enforcement agencies may be involved.

6.1 Parent/Guardian Responsibilities

- Talk to your children about values and the standards that should be followed on the use of the Internet, just as you do on the use of all media information sources such as television, telephones, movies, etc.

- If using the BCS device on a non-BCS provided network, use of

websites and information that violate these procedures is prohibited.

6.5 Legal Propriety

- Students must comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If a student is unsure, he/she should ask a teacher or parent.
- Plagiarism is a violation of Federal Law and BCS Policy. Credit must be given to all sources used, whether quoted or summarized. This includes all forms of media on the Internet, such as graphics, movies, music, and text.

7. PROTECTING & STORING YOUR LAPTOP

7.1 Laptop Identification

BCS have unique ways to identify each device. These identifiers are not to be tampered with and are to remain intact.

7.2 Storing your Laptop

When students are not using their laptops, they should be stored in their **locked** lockers. Nothing should be placed on top of the laptop, when stored in the locker. Students are encouraged to take their laptops home every day after school, regardless of whether or not they are needed. If a student needs a secure place to store their laptop, they may check it in for storage with the Librarian.

7.3 Laptops Left in Unsupervised Areas

Under no circumstance should laptops be left in unsupervised areas which include, but are not limited to, the school grounds and campus, the lunchroom, computer lab, locker rooms, library, unlocked classrooms, dressing rooms, hallways, and buses. Any laptop left in these areas is in danger of being stolen. If a laptop is found in an unsupervised area, it should be taken to the main office immediately. Multiple offenses may result in disciplinary action as detailed in section 6.6, Student Conduct and Discipline.

8. REPAIRING OR REPLACING YOUR LAPTOP

8.1 Family Responsibility

BCS provides laptops to students to enhance their education. It is incumbent upon parents to stress to their children how important it is to take care of these tools while in their possession. BCS has established a nominal fee structure which will help insure these devices against theft as well as maintain them should one become damaged.

Laptop Fees

Non-Refundable Technology Fee - \$75

1st Incident Lost/Damaged 45W MagSafe, AC wall plug - \$50

2nd Incident Lost/Damaged 45W MagSafe, AC wall plug - \$85

The Non-Refundable Technology Fee is collected at the beginning of each year. Other fees will be collected when an incident occurs. **All checks should be made payable to the student's school.**

8.2 Damage

If a laptop becomes damaged due to student negligence, the student should report the damage to their home room teacher and the teacher will in turn report that to the BCS Technology Department. The student will have **five (5) school days from the date of report** to submit the Damage Fee if not covered by insurance to the school. *Failure to pay the Damage Fee will result in loss of laptop privilege and the laptop will be held until the fee is paid.*

If a laptop repair/service will take longer than two (2) days, a loaner laptop may be issued, subject to availability.

8.3 Lost or Stolen

In the event the laptop is lost or stolen, the student/parents should follow the steps below as appropriate. The school will notify the BCS Technology Department. A loaner laptop may be issued, subject to availability.

Laptop Lost While **Out of School**

Parent will immediately notify the school and BCS Technology staff will assist with an electronic search. The school will make a physical search to eliminate a misplacement there. Parent should continue to search at home. If after three (3) days the laptop cannot be located, the School Resource Officer will file a report with the Bartlett Police Department.

Laptop Stolen While **Out of School**

Parent will immediately notify the appropriate police department and obtain a copy of the police report. A copy of the police report must be submitted to the school within a reasonable amount of time. Failure to do so will result in a theft report being filed with the Bartlett Police Department.

Laptop Lost or Stolen While **At School**

The student will immediately notify their home room teacher who will inform the School Resource Officer. A report will be filed with the Bartlett Police Department and a copy will be provided to the main office.

After the appropriate police report filed, a replacement laptop will be issued.

***More than two (2) instances of a missing laptop will result in loss of privilege and a replacement will **NOT** be issued.*

*NOTE: You will need the information found on the front of this document in order to file your police report.

STUDENT ACCEPTABLE USE OF NETWORK AND ELECTONIC MEDIA AGREEMENT

Parent/Guardian Permissions

Parent/guardian permission is required for students under the age of eighteen to participate in some school related activities. Please review the explanations of each of the permissions listed. A *Student Acceptable Use of Network and Electronic Media Agreement/Parent/Guardian Permissions Form* will be provided by your student's school to grant or deny permissions in each of these areas. If no signature is provided, the choice will be recorded as a NO.

A. Student Acceptable Use and Independent Internet Access

We are pleased to offer students of the Bartlett City Schools access to district electronic resources. Our goal in providing this service is to promote educational excellence in our system by facilitating resource sharing, innovation, and communication. Electronic resources provide students with access to vast amounts of information and numerous opportunities for communication.

Our intent is to make Internet access available to further educational goals and objectives. However, parents/guardians should be warned that if students disregard the guidelines of the school and/or system, they may find ways to access materials via the Internet which may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages.

Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, Bartlett City Schools support and respect each family's right to decide whether or not to approve independent Internet access and communication. **In accordance with BCS policy #1021 and to gain independent access to the Internet, all students under the age of 18 must obtain parental/guardian permission and must sign and return the *Student Acceptable Use of Network and Electronic Media Agreement/Parent/Guardian Permissions Form* to the Principal or designee. Students over 18 may sign their own forms.**

Student Responsibilities

Electronic resources are provided for students to enhance the learning experience. Access to services is given to students who agree to act in a responsible manner. Parent/guardian permission is required for independent access. Student use must be consistent with the educational objectives of Bartlett City Schools.

Students are responsible for good behavior on school computer networks just as they are in a classroom or school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply to all such communications.

If a student observes any illegal activities or misuse of the network, he/she shall report these activities to their supervising teacher.

Computer, network, and cloud storage areas will be treated like school lockers. Network and/or school administrators and teachers may review files, bookmarks, and communications under the same standards set for school lockers to insure integrity of electronic media. Privacy is not guaranteed for files stored on District computers, servers, or in the cloud, nor will they be maintained indefinitely.

School and Parent Responsibility

Within reason, freedom of speech and access to information will be honored. During school, teachers will guide students toward appropriate materials. Outside of school and with independent access, parents/guardians bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, social media, and other potentially offensive media.

Schools will insure that procedures for access and standards of conduct regarding Internet use are communicated to students through appropriate instruction on Internet Safety. It is presumed that students given access will comply with District standards and will honor the agreements they have signed. The District cannot be responsible for ideas and concepts that a student may gain by his or her inappropriate use of the Internet.

District Electronic Access and Internet Rules

The following are not permitted and will result in disciplinary action:

- Violating existing Board policy including, but not limited to, Policy #1021 or municipal, state, or federal statute
- Violating copyright laws
- Selling or purchasing illegal items or substances
- Using electronic resources for non-instructional purposes
- Using obscene language
- Sending or displaying offensive messages or pictures
- Harassing, insulting, threatening, or attacking others

- Intentionally spreading viruses or malicious software
- Sharing personal login information or using another person's login
- Publishing personal information (name, address, photograph) without teacher/parent consent or approval
- Using an email account at school other than one provided by the District
- Using District-provided email for non-instructional purposes, including but not limited to impersonating others or for sending anonymous email
- Using personal electronic devices at school without appropriate permission
- Attempting to bypass network security to gain unauthorized access to information, pursue "hacking," or attempting to access information protected by privacy laws
- Using the network for commercial purposes or promoting a personal business, non-government related fund raising, or solicitation for religious purposes or lobbying
- Intentionally wasting limited resources

Sanctions

The use of BCS electronic resources is a privilege, not a right, and inappropriate use will result in cancellation of privileges and may lead to disciplinary action including suspension or expulsion. Access entails responsibility. System administrators will deem what is inappropriate use, and their decision is final.

Additional disciplinary action may be determined at the local school level in keeping with existing procedures and practices regarding inappropriate language or behavior. When applicable, law enforcement agencies or legal action may be involved.

B. Web Publishing

Bartlett City Schools' web site has been established as a dynamic forum to educate and inform the public. It serves as a communication vehicle to publicize goals, accomplishments, activities, and services of the District and of each school. Intended audiences include: students, parents, prospective parents, employees, prospective employees, and the community at large. All content contained on the web site is consistent with the educational aims of the District. **In accordance with BCS policy #1022, student work will not be published on any Bartlett City Schools web site without the express consent of the parent or guardian of a minor student (those under 18 years of age). This permission is indicated on the *Student Acceptable Use of Network and Electronic Media Agreement/Parent/Guardian Permissions Form*.**

In order to safeguard students, the following procedures have been established:

 - All student work published must pertain to a class project, course, or other school-related activity.

C. Public Media

Bartlett City Schools periodically issues information or permits media coverage to highlight student accomplishments. This may include, but not limited to, a student making the honor roll, taking part in a school activity, receiving an award, or participating in sports. In addition, BCS may want to use your child's photograph, likeness, voice, or student work for promotional and educational reasons, such as in publications, posters, brochures, and newsletters, on the District or school website, radio station or Cable TV channel, or at community fairs or district special events. **In accordance with BCS policies # 1021 and 1022, Bartlett City Schools student pictures, video, likeness, voice, names, or student work will not be released to the public media without the express consent of the parent of guardian of a minor student (those under 18 years of age).
